Complete maintanance of electric work at other JMC buildings of nagar nigam (a)

Required maintenance and replacement all defective accesories sub-staion transformer with major and minor fault and remove fault and with servicing (Required oil & Major defect will be pay extra as per actual basis)

(b)

Required maintenance and replacement all defective accesories submersible/monoblock water pump set with starter panel and wiring etc. As per direction of engineering incharge excluding in case wherever develop major fault must be repaired and remove by authorities expert person and actual payment paid extra as orignal but it's liability form maintain timly. (c)

Regularly maintain of existing fan, exhaust fan, cooler, minor fault and service in all respect as per direction of enginnering incharge exluding in case whereve develop major fault must be repaired and remove by authorities expert person and actual payment paid extra as orignal but it's liability form maintain timly.

Contractor must provide qualified, skilled and insured one wiremen cum electrician with helper with required all tools and safety equpments and work will be exicuted as per requirement and direction engineer incharge wherever if needed for more works, labour must (e) be provided with time.

Terms and condition :- 1- If contractor is failed to engage required qualified and insured wiremen, helper in prescribe time plenty will be

2- If any required replacement and work as per "G" seh. Items must be executed after taking permission from engineering incharge 3- In case of major fault and mishappning by the contractor worker than contractor will be punished and liable for damage 4- There us no (F) excusable expection for maintain against this work

XEN(Elect) JMC

(d)

I agree to do above "G" Schedule work ...... Above/ Below RUIDP 2023 and JMC terms and conditions.
